

Schorn & Groh. 25th March 2020

You will reach us as usual.

Dear Ms. \${LNAME|Customer|Guest}\$

Dear Mr. \${LNAME|Customer|Guest}\$

The spread of the coronavirus is currently causing uncertainty and many open questions in Germany, Europe and around the world.

Our motto is: Stronger together. We have taken numerous precautions to ensure the continuation of our business activities and to protect risk groups. This applies both to the Karlsruhe location and to the branches in Ehrenkirchen, Eschelbronn and Jettingen. A large number of our employees continue to work from their home offices and are there for you as usual – by telephone or e-mail.

Our digital presentation platforms allow you to select veneers even without direct contact. Simply let us offer you the desired wood species via our online warehouse. Here you can see all available pictures of the logs as well as the corresponding tally sheets. You will find more information about the possibilities in today's newsletter.

We wish you, your relatives and your companies all the best in these difficult times.

Best regards

Rolf Loose-Leonhardt and Axel Groh

Schorn & Groh GmbH

Karlsruhe | Ehrenkirchen | Eschelbronn | Jettingen

News from our warehouse

New batch – 50000 sqm Oak veneer

This season, our log purchasers have again been able to buy numerous Oak logs from the best growing areas in Germany – Palatinate Forest and Spessart. A new batch of over 50000 square meters will soon reach our warehouse.

We are pleased to present you some of them already today.

News from our warehouse

ONE OF A KIND / latest logs

The logs in our ONE OF A KIND collection are among the most spectacular that nature has to offer: Each log has a particularly rare and individual grain. All of them are true rough diamonds made of precious wood. They are particularly suitable for high-quality and exclusive furniture and interior design. Here we present our new arrivals.

Huge. Massive. Unique.

Table tops in enormous dimensions

Whether in the conference room or the living room – the gigantic table tops from Schorn & Groh create pure fascination. We offer them in different wood species, lengths and thicknesses, with or without trimmed edges. The board can be calibrated and planed according to your wishes, the wooden surface can be varnished, waxed, oiled or even filled with epoxy resin. We would also be pleased to advise you on the selection of the appropriate table frame.
